# Principal's Message

Dear TBAKians,

On behalf of the TBAKC family, I feel glad to meet all our proud alumnae through Sparkles'20. I am always happy to amaze at your victories in different fields. I wish you all to involve yourself in various activities of our college. I expect every one of you to share your views and thoughts through our yearly newsletter. I advise you all to take precautionary measures to keep you and your family members safe in post covid 19. May Almighty bless us all with His endless bounties. May Almighty be with you all.

With prayers  
**Dr S Sumayaa**  
Principal

# Chief Guest's Message

My Dear Alumni, Greetings.  
May the peace and blessing of the Almighty be with you.

## “Enter to Learn and Leave to Serve”

I am sure you all remember the above saying in the entrance of our college. It is such profound quote perfectly coined by our beloved founder Dr B S Abdur Rahman, a philanthropist and educationalist, whose calling it was to serve society, with particular concern for women and education where his institutions including B S Abdur Rahman Crescent (BSAC), Thassim Beevi and others educate over 14,000 students.

So being a part of this great legacy of 'servers' what is that we can do to contribute to our state, our community and our nation.

How about putting all that we have learnt at TBAK and elsewhere, marry it will purpose and passion much like what our founder would have done, and aim to create 10,000 new jobs. Now will that not be of phenomenal service to society.

How about 100 new companies with about 5 founders. That alone will give us 500 new positions and 'company founders'. If these 100 companies employ 100 people each this will give us a very respectable 10,000 new jobs. These companies can all focus on a business of about Rs 1cr each. Now who would not want to be part of this phenomenal service. Times could not have been better to think of such value creation as we are in perhaps a once in a lifetime opportunity.

Tamil Nadu is currently India's 2nd largest state leading in several parameters. Its \$270b economy is slated to touch \$2.7T by 2050, i.e., a 10x growth in only 30 years and very much within our lifetimes.

In order to be a part of this great nation building journey, TBAK is also gearing to support all those who want to 'serve'.

TBAK and BSAC have signed up with another of founder's institutions, the United Economic Forum (UEF) to develop ESIIA: Entrepreneurship, Start-up, Innovation, Incubation, Accelerator centers. These are aimed towards supporting each and every person, surely including its alumni to 'serve' the nation.

And once you getting into a mentality of 'serving' a deep sense of 'purpose' will emerge, surely something our founder will be very proud.

May the Almighty support us all in our desire to 'serve'.

With best wishes  
**Ahmed A R Buhari**  
President, United Economic Forum  
Founder President & CEO, Coal and Oil Group

# President's Message

Greetings from TBAKC Alumnae Association.  
Assalamu alaikum (varah),

It gives me immense pleasure to reach out you all through this newsletter of our association. All of us aware that our college has been second home to us. Here we met our second parents, best friends, extended peers and mentors. In the spirit of family I believe that each one of us of this beloved institution would always tend to reconnect with pride and belongingness which we transmit to the new TBAKians.

Through this I would like to make you to think of ways you can give back to the college. It doesn't mean just monetarily, though that is always welcome.

There are many ways to give back from career and academic mentoring to volunteering time at on and off campus events to simply attend academic and social events. Finally keep in touch with each other and build our traditions even bigger than now.

Thank you all

# Former President's Message

Assalamu Alaikum,

At the very outset I would like to express my heartiest thanks to the TBAK family. I extend my warm regards and duas to the Founder & his family whose vision of women empowerment through education is almost reached today. My deepest sense of gratitude to the Principal former & present, faculty of Home Science who have helped me succeed.

TBAK, friendly environment, the systematic approach made me to involve in wide range of activities - both as a student and as a teacher. Time spent with this institution was the best time i had in my life and every moment spent in this campus is still precious.

As former governing body member, my experience as a treasurer, as a president, as an editor was very different and led me to explore and learn new things.

The knowledge and transformation I had with this college is the reason to find myself successful today. Still miles to go...

I appreciate whole heartedly the efforts taken by the present team under the leadership of our beloved Principal Dr Sumayaa to unite all the alumnae together using the technology.

Best wishes for the success of the event. May Almighty showers His blessings & protection abundantly on this institution for further growth & excellence in all aspects.

*“If college life is a roller coaster, then the track is our mentors”*

Twists and Turns apart, they brought us to the apt destination. I happily express my gratitude to my teachers who cut opened the oyster to recognize the pearl inside me.

Late Dr B S Abdur Rahman, the founding father of education at Kilakarai and localities around, who had the willpower to run a college in this rural locality which was a gleaming opportunity that was held before us. Our former principal Dr Nafeesa Kaleem was no less than an eminent emeritus.

Speaking of next, comes our notable HOD, Dr Yunus Begam dug out the fullest potential land calibre in us. Our principal Dr Sumaiya proved us “An investment in knowledge always yields the best interest” through her dedication, loyalty & hardwork.

TBAK gave us the overall outlook of life beyond fun. I wouldn't be a graduate if TBAKC never existed. Many lives have turned to positive with the virtue of our college.

I wouldn't miss out my friends who acted out as wheels of the roller coaster ride and my parents who prevented me from ending my life as a school student. Other faculties including late Mrs. Yunus Begam, Mrs. Rajani, Mrs. Latha, Mrs. Afrin and Mrs. Rajaf Fathima played a great role in moulding us. I terribly miss those precious times of the old era. It's happy that my college reaching heights by keeping up its standard.

The aim of the college is to eliminate the need of the college, and turn oneself into a self-educating man. Happy that the roller coaster (i.e., me ) didn't collapse in between and reached its goal.

## *Rewind..... just to remind*

TBAKC, where do I even begin with the beautiful bouquet of memories. It feels like eons ago but still fresh in my mind. Starting our day with the assembly waiting for our principal to address us, bell rings to disperse and classes starts, with each teacher comes a class filled with knowledge and laughter and of course you could say. So many special alive with festivity in the air. Being the most. A stroll through our everything under the sun. Every much inspiration, information periods were a real help and the made it easy to gear up for any women and mentors in commerce department and in all my teachers. Here, I express thanks from the bottom of my heart for this college that has blessed me with the confidence, knowledge, education and millions of unforgettable memories. How I wish I could be back, loads of love.

## My College

My college is the place  
Where everything taught a lesson for our life!  
Where every step in the staircase held memories,  
Where books and notes held a lot of doodles,  
Where every teacher guided us a good path to our soul,  
Where every exam was the period of last minute preparations  
Where every result made us to sit back and relax deeply,  
Where every association event was carnival to us,  
Where every year was the best year ahead to us  
Where every van trip was our ever loving road trip,  
Where every tiffin box held multiple hands,  
Where every practical period was our research mode  
Where friends became our family,  
Where every single second was full of happiness!  
Where those days are our mirage now!

## Gratitude

My mother's warm hug, her gentle touch and soothing smile;  
I wish to inscribe in the pages of history,  
Her patience and wisdom, selflessness and empathy.  
My father, with his big, carefree laugh,  
Never showing us the weight of his burden,  
Of his heavy duty, an endless responsibility.  
Their familiar faces, the comfort within the endless banter;  
A friendship forged in an unfamiliar, nostalgic environment.  
Distant, more distant than I'd like, but still connected,  
adamantly.  
The vivid colors flickering across the skyline, the city, as it bursts with life and opportunity;  
I wish I could grasp its essence, its beauty, and forever carry it with me.  
My body, as it holds me together, heartbeat steady against the waves of anxiety,  
Weathered away by my own thoughts, at my own hands;  
Somehow, somehow, still standing.  
My brain, for all its wonder and curiosity,  
Despite the negativity, it wants the best for me, I know.  
This pain, this struggle, raw and unyielding;  
I hold it against the rest,  
To remind me, that life is never easy.  
Life is never easy;  
But perhaps,  
It will be worth it.  
It will be worth it.  
It will be worth it.

## An Unforgettable Impact

Corona Virus, the world's worst fright,  
Where People fight, with all their might,  
There is nothing worse than what you see,  
Where ever in the world, wherever you may be,  
The doctors and nurses are saving people's lives,  
Elders and youngsters, Husbands and wives,  
The virus is spreading way too fast,  
There is no record of this virus even in the past,  
While we are suffering, animals are having fun,  
Reproducing and mating under the bright sun,  
Cheetah's running, ant's crawling near the lake,  
Bear's playing makes your own dead fake,  
Animals have never been free all these years,  
As people have been so wild and so fierce,  
All the animals which were going too extinct,  
Now have an unbreakable link,  
People have to stay at their house, Kids have to be  
as quiet as a mouse,  
This is permanently announced by law, worst I

“Our mother's wish and encouragement help us to serve our unique recipes to varying taste buds of different customers. Hygienic recipes, professional packaging and combo offers are our key elements even though we started a small scale set up with low investment”, sisters said.

They further added that their big thanks to Whatsapp and Instagram to give them a great platform and they are also thankful to their college which guides them throughout their business.

# Lockdown – Unlock the locks

## I am locked but I gain

During these days of change, I rekindled the undernourished relationship with my pen. It was an effervescent experience, playing again with ideas and words, though I had to often shoo Mr. Creative Block and his straight face away.

Also, I explored the world of productivity strategies with wide eyes and tried a hand with a few like habit trackers, monthly planners, master lists etc., I hadn't fathomed how much could be gained from putting a little order in place. This is the recent best way I surprised myself.

These days brought along a shift in perspective, that I never knew existed before. Necessities surprised us with how simple they actually are. Luxury turned out to be a mere sight of a loved one living few houses away.

This never-heard-of period has shown us how our differences fade away and we come together as we collectively struggle to survive a threat, reminded us of all the blessings we didn't care to appreciate and taught us, with the help of Almighty, even the toughest times too shall better.

Of all, this is the best takeaway for me from the lockdown. I hope the beginnings hereafter are more purposeful and profitable for THE world and MY World.

## Crafty Cakery

*"The secret of getting ahead is getting started".*

-Mark Twain

The above statement is well said for everyone who is trying to improve. I have always been fond of art works and creativity but lockdown gave us all a great opportunity to improve ourselves. This year I have taken the initiative of binding my crafty works and cakes into one product. This is where "Crafty Cakery" evolved. For the past several months I have been making customized cakes for customers. The responses from customers are overwhelming. This is not possible without my motivators (husband and family members). Alhamdulillah.

# A Thoughtful Diary

It's not easy being a family of eight, let alone has two working parents. Even though multiple challenges arise, we manage to pull through it all together and come out stronger than ever, not to mention we learn numerous valuable lessons that then help us with other aspects of life.

A crucial lesson that every member of the family learns as they grow, is compromise. We all understand that life is full of it, especially when there are so many people around constantly with their own set of needs and desires. It obviously gets easier as you grow and become more understanding of your parents' concerns and as you begin to see the world through their eyes. However, we are human and young, and so frustration is a recurring emotion which we tend to deal with.

Along with sacrifice, we understand what it is to be patient. Be it patience with uncontrollable factors and it is not uncommon in a house with six children without having disagreements, and so patience and willingness to understand and forgive are put to the test. Sometimes, these limits are pushed further when there are no parents around due to work, and the older kids have to be more responsible.

There's one thing having an entrepreneur as a mother teaches us and it is to aim high. Having parents that are more open-minded and, in fact, push us to set our goals high and to achieve it, is something we are grateful for. They go further than just motivating us, they help provide the means for success by ensuring we have the best education available that they can afford.

Communication and problem-solving skills are some more examples of smaller lessons that we pick up on when being part of a family like ours. Although I will mention that it is not an easy feat, and unless there is a sense of unity, pulling this off will prove quite difficult. I suppose that is what sets a family apart from just any number of people sharing a home – the irreplaceable bond we share.

TBAK Times - A Remembrance

I Look into my glass  
A Dream within a Dream!  
In Evergreen Literary Reflections and Rays  
This is a Song of Myself - A vision in a  
Dream!  
We real cool - Wanderer in the Dream!  
A smile to Remember

If

The Road not Taken  
It turned to be the Waste Land and  
Paradise Lost!  
I carry your Heart with me  
Though A valediction - Ice on the Fire  
Still I Rise  
Paradise Regained  
In my Second Coming  
Miles to go before I sleep  
Because I could not stop for Death!!!

## My TBAKC Times : An Euphoric Experience

Though time and tide have taken me far and wide,  
I can still feel bonded nostalgia deep down inside;

From  
Enchanting entrance, charming motto,  
remarkable teachers, lovely lectures, bunking  
classes, serious semesters, delayed going  
library hours, enthusiastic sports, friendly  
fights, tuck-shop chit-chats are the miles of  
memories.

Each relishing moment was like a masterpiece.  
"Armed guards" as wardens - nourishes the resident  
students.

Over the years of graduation,  
Carved my skills with proper navigation;  
Created in me a positive vibration,  
This was my total reformation.

With all these, I bagged TBAK awards of 3 in 1;  
Proud enough to feel that I was one among them.  
I certainly was in elation -  
Until the painful time of separation,  
But this was my mistaken notion;  
As today the journey continues with alumnae  
reunification.

## TBAK Times

Those were the best days of my life,  
when Fun and Frolic was rife.  
A refreshing realm of knowledge,  
That was my college.

Funny friends and loving lecturers,  
Freaky fundas and flexible study hours.  
But those cherished moments,  
Will live forever in our memories.

I majored in English literature,  
And the subject suited my sensitive nature.  
I was initiated into the world of stories,  
poems and plays,  
Each lecture set my imagination ablaze.

My college was a literary paradise,  
where I learnt to critically analyze.  
Every text that came my way,  
Be it poetry, prose or play.

Free from the fetters of school,  
I willingly jumped into the knowledge pool.  
where education was mixed with entertainment,  
At college learning was never a punishment.

## சொல்லாத காதல்

சூர்யாவின் டைம் வாட்ச் கிடைத்தால்...

ஆசையுடன் நினைக்கிறேன்....

என்னவளே!

மீண்டும் ஒரு முறையேனும்....

என்றுமில்லாத அதிசயமாய்

செவ்வாய் இரவு மட்டும்

மெஸ்ஸில் தோன்றும்

முல்லை பூ போன்ற இடலியும்

சிவப்பு சட்னியும்!...

ஞாயிறு இரவில்

எண்ணெயிட்ட சப்பாத்தியும்

ஏலக்காய் மிதக்கும்

உருளைக்கிழங்கு குருமாவும்!!..

நோன்பு திறக்கும் நேரம்

கமகமக்கும் கெட்டியான

இளமஞ்சள் நிற நோன்புக் கஞ்சியும்

துவையலும்!!!...

தூக்கம் கலைந்து

கண் எரியும் ஸஹரிலும்

சுவையாய் சுவைக்கும்

கருப்பையாவின்

கருவாட்டு குழம்பும்!!!!...

மீண்டும் ஒரு முறையேனும்....!

என்னவளே!!!...

மீண்டும் ஒரு முறையேனும்....!

உன்னிடம் கிடைத்த

இனிமையான நினைவுகளும்

**கல்ஷாபிக் காலம் - முத்து முத்தான நொடிகள்**

பள்ளிப் படுவம் முடிந்து, தள்ளித் திரிந்த நாட்கள்,  
நினைத்தது இன்று, நடந்தது இன்று, பிடித்தது இன்று, கிடைத்தது  
இன்று.

முன்று அண்டுகள் அயிரம் கனவுகளுடன் TBAK நந்தவனத்தின்  
நுழைந்தோம்.

முதன் முதலாக அருகே அமர்ந்தபொழுது பெயர்களை தெரிந்து  
கொண்டோம்.

உணவு பகிர்ந்து கொண்டபொழுது நண்பர்கள் அகிவிட்டோம்.  
நாட்கள் செல்ல செல்ல, மெல்ல மெல்ல ...

கண் பிதுங்க வைத்த விதிமுறைகளை தெரிந்து கொண்டோம்.  
HoD எங்களை கண்களாழும், வார்த்தையாழும் மிரட்டிய  
நொடிகள்.

ஆசான்கள் அன்னைகளாய் ஆகி வந்திந்த வகுப்பறைகள்,  
படிப்பில் நடிப்பின்றி - நடிப்பையே படிப்பாக்கிய நாடக மேடைகள்  
என்றும் எட்டிப்பார்த்திடாத நூலகங்கள் ;

எட்டிப்பார்த்த ஏதேதோ எழுதியிட்டு, தேர்வில் தேராத மதிப்பெண்கள்.  
கல்ஷாபி நான் விழக்காலங்களில் அட்டகாசமான ஆடல் பாடல்கள்.

சந்தோஷமாய் சிற்றித் திரிந்த சிற்றுலாப் பயணங்கள்,  
போட்டி போட்டுக் கொண்டு எடுத்த முகப்படங்கள்,  
ஆட்டோகிராஃபில் சுகவரிகளை எழுதி வாங்கிய குணங்கள்.

வருடங்கள் அணாவும் வருடா வருடம் சந்திப்போம் என்ற  
பொய் சத்தியங்கள்  
கனவுகள் விரிந்ததும் கிங்கேதான் - கற்பனை மலர்ந்ததும்  
கிங்கேதான்.

மீண்டும் வருமா கிந்த அடிகிய கல்ஷாபிக் காலம் ?

கல்வாரியின் நூலகத்தை எட்டிப் பார்த்து  
நாட்களும் !!

எட்டிப் பார்த்து அகுகியும், தேர்வில் தேறாத  
மதிப்பெண்களும் !!

சண்டைகள் மட்டுமின்றி, எங்களின் சந்தோஷங்களை  
-யும் !!

கதை கதையாய் சொல்லும் டிராம்களும் !!

விவாணா காகிதமாய் கிதிந்த எங்களை வண்ண  
கொலமாய்,  
வானவில்லின் ஆர் அங்கமாய், வரைந்தது எங்களின்  
" கல்வாரியின் வாசலில் தான்" !!
