CHAIRPERSON'S COLUMN

In the Name of Allah the Most Gracious
and Most Merciful

The quality is not a water to be filled,
But a sapling to be planted. It is a byword
for excellence in education. Assurance and
sustenance of quality in higher education
institution is the primary responsibilities of
our internal quality assurance cell. The aim
of this cell is to implement and internalize
innovative and best practices in all the
academic and administrative process of an
institution.

It is a heart of our institution,
pumps rich and constant supply of ideas
and practices which will transform and
improve institutional health, efficiency and
productivity. It aims at Quality enrichment
and sustenance.

It gives me immense pleasure
to bringing out 8th issue of our IQAC
News letter. It would provide a sense of
satisfaction of having accomplished the
academic and administration target we
have set for ourselves and eager to do more
for the next session. I congratulate the
editorial term of the newsletter for this
richly informative issue.

COORDINATOR'S COLUMN

The Internal Quality Assurance Cell of Thassim
Beevi Abdul Kader College for women was formed with
the vision to channelize the efforts and measures of the
Institution towards academic excellence and progress.
Envisioned as an embedded function of the College,
the IQAC harnesses synergies from all its constituent
units viz. the stakeholders of the college. As a part of
its mandate of developing an all-encompassing quality
culture in the college, the IQAC plays a greater role in
congregating the institutional effort for quality. We
hope your feedback and suggestions will help IQAC
develop further in its endeavour of creation, sustenance
and enhancement of quality in the College.

INTERNAL QUALITY ASSURANCE CELL

Internal Quality Assurance Cell (IQAC) is the
quality assurance mechanism of the college. It is a
facilitative and participatory organ of the institution.
Maintaining the momentum of quality consciousness
is crucial for the Internal Quality Assurance Cell. It is
conceived as a mechanism to build and ensure quality
in the institution. It has a specific structure and works
with enough flexibility to meet the diverse needs of the
stakeholders. The IQAC is meant for planning, guiding
and monitoring Quality Assurance (QA) and Quality
Enhancement (QE) activities of the institution. It
channelizes and systematizes the efforts and measures
of the institution towards academic excellence. It is
the driving force for ushering in quality by working
out intervention strategies to remove deficiencies and
enhance quality.
